GROW WITH ME PANTS

The Grow With Me Pants - a clever addition!

Upper Black Eddy, PA— The invention of the Grow With Me Pants offers a creative concept for a specially designed pair of stylish pants that are configured to “grow” with the wearer! These cleverly designed pants feature an expandable waistband and attachable cuffs to lengthen the pants and adjust to the size of a growing child!

The Grow With Me Pants were invented by Diane P. of Upper Black Eddy, Pennsylvania. She said, “My invention is designed as a convenient money saving solution for parents with growing children. As children quickly out grow their new pants, the Grow With Me Pants provide a way for the child to continue to wear the pants, simply by attaching a matching attachable cuff, or choosing from a variety of different style cuffs. The unique expandable waistband allows room for growth, as well. The Grow With Me Pants would be a simple, cost saving way to make a child’s clothes last longer, and with the variety of cuffs, allows the wardrobe to expand.”
