ORANGE PEEL EXTRACT DISH WASHING LIQUID ...

...is all natural, gentle, and effective.

BROOKLYN, NY—Orange Peel Extract Dish Washing Liquid, formulated from all natural ingredients, thoroughly eradicates caked on food particles and grease without leaving any residue, resulting in sparkling clean dinnerware. Manufactured of all natural, hypoallergenic ingredients, it is safe for use by those with even the most sensitive skin. Also, Orange Peel Extract Dish Washing Liquid can also be used to clean surfaces areas throughout the home, business or school.

Orange Peel Extract Dish Washing Liquid was invented by Min Lee and Ji Hoon Baik of Brooklyn, NY. They said, “The key ingredient in Orange Peel Extract Dish Washing Liquid, the extract of clementine orange peels (d-limonene), naturally breaks down hardened grease and food residue, while salt, an abrasive, gently whisks this residue away. The vinegar component kills germs and bacteria on contact. The natural ingredients reduce the rinsing times, making it easy for users to INSTANTLY wash pots and pans after cooking.”
